

COUNTY DEMOCRATS SOLID FOR WILSON AND MARSHALL

So Says Reese M. Ling Who Has Been Looking Over the Situation—Says Handsome Majority a Cinch Talks for Arizona Democrats.

Greenlee county is one of the most enthusiastic Democratic Counties in the state, according to Reese M. Ling, national committeeman. Mr. Ling has been over in that county for a week on legal business and participated in several meetings while there. He visited Morenci and Clifton and several of the smaller towns of the county and met the same enthusiasm every place that he went.

Under the auspices of the Wilson-Marshall club and on the regular meeting night of the club a large meeting was held and the national committeeman made an address. Nearly three hundred people were at the meeting, and according to Mr. Ling, he has never seen the enthusiasm for a democratic ticket that was there shown. Every man in the club is a worker and every democrat belongs to the club.

After the meeting in Clifton, the Wilson-Marshall club of Morenci called up the committeeman and asked him to come there and address the club at that place. Here again he met with a democratic spirit that is unexcelled in the state of Arizona. Everyone it seems is for the democratic nominees. Greenlee County with its twelve hundred registered voters will give Wilson a majority of three hundred. That in itself is quite a contribution to democratic success.

Mr. Ling also brings word that Greenlee County is strong for the coming state fair and that the county is going to send down a delegation that will be remembered. According to the gentleman, the fair is attracting a great deal of notice in the eastern end of the state and promises to bring a great number of people from that section of Arizona.

Mr. Ling was asked to express himself upon the proposed recall of Governor Hunt to which publicity was given a day or two ago by a Globe paper. He officially stated that he was absolutely opposed to any action of the kind. Governor Hunt, according to Ling, has placed honest, reliable men in the appointive positions of the state, no one could justly impeach their honesty. Further, Governor Hunt is a democrat, he is representing the democratic party as governor of the state and though some of his policies have met opposition among members of his own party, the proposed recall is a mistake and should not be countenanced by the democrats of Arizona.

"WHO'S WHO IN ARIZONA" SOON TO BE ISSUED

Eight Thousand Copies of 400 Page Book Telling All About Arizona and Arizonans to be Printed.

Following out the slogan "Arizona for Arizonans," Jo Connors, publisher of "Who's Who in Arizona," has awarded the contract of publishing his book to the Star Publishing company of Tucson. In competition with eastern and coast publishers the Star made a bid which compared so favorably with those of the outside publishers that the contract was immediately awarded them by Mr. Connors.

The book will be about 400 pages, will be printed on the best of book paper and 8,000 copies of the work will be issued, in order that copies may be sent to all the eastern commercial clubs and to every daily paper in the United States with Associated Press franchise. It is the plan of the publisher to have articles on all the points of interest in the state and articles on each county and large town. It will be a boost book from cover to cover, and with the wide distribution planned will be of great benefit to the state. The large corporations of the state have been liberal in their sup-

MARTINEZ KILLED BY DEPUTY HOFFMAN AT MORENCI

Officer Hoffman Shoots Killing Him on the Spot at Skating Rink—Was Man Who Shot Night Watchman Bradberry.

Martinez, the Mexican who shot officer Bradberry at the smelter in this city on Monday last, was shot and killed at Morenci near the skating rink, Friday evening at 7 o'clock. Officer Johnny Hoffman did the shooting.

The night watchman of the A. C. Smelter attempted to arrest Martinez in North Clifton when Martinez promptly relieved him of his gun, walloped him about the ribs and shot a furrow through the top of his scalp, making his get-away.

When the officer at Morenci located him enjoying himself at the skating rink he simply took no chances and when Martinez showed symptoms of scrap, Johnny Hoffman, the arresting officer, shot him three times through the body killing him on the spot.

THE CITIZENS OF DOUGLAS MAKE PROTEST

Make a Vigorous Kick Because Mexican Consul and His Gum-Shoe Brigade are Searching Homes Without Due Process—A "Sleuth" Knocked Down and Dragged Out.

DOUGLAS, Oct. 8.—That American citizens are being subjected to indignities at the hands of Mexican members of the Mexican consul's gumshoe brigade is reported upon reliable authority. The cause is said to be the ammunition stored in the old Reay & Johnson livery barn, corner of ninth street and F. avenue.

A few nights since a well known local man was walking up Ninth street, when, according to his account, he noticed a knot of men on the opposite corner, in front of the stable. Not knowing what was up and his curiosity being excited, he stopped to see what they were doing. One of them, a Mexican, advanced to where he was standing and asked him if he was an officer. The citizen started to move on, and the "sleuth" blocking his way, he very promptly hung one of the haymakers famous in the old days of "Jawn L." on said gumshoe's jaw, clearing his path.

The citizen then proceeded to the corner, where he secured an officer and returned to the livery barn. The fact that the ammunition was stored there was then explained to him. He in turn told the Mexicans that he had obtained an officer for them. He then left.

Complaints are more numerous every day as to the action of the United States government in allowing the Mexican federals to store their ammunition in Douglas, when less than a mile from the storehouse is Gen. Sanjinez and a federal army of several hundred men who could and should have the custody of it.

LA FOLLETTE SPENDS LOTS OF BIG MONEY.

WASHINGTON, D. C.—Lewis Hamerling, Ogden Mills and Charles Russell of New York, Chas. R. Crane, of Chicago, Matthew Hale of Boston, and Ex-Senator Nathan Scott of West Virginia were the six witnesses to appear before the Clapp senate committee which is investigating campaign contributions.

The statement of Senator La Follette's expenses in the Republican presidential nomination fight was filed today with the committee and showed he collected \$63,969 and spent all but eight dollars. Mr. Crane of Chicago told the committee today that he gave nearly \$27,000 to La Follette's campaign and \$10,000 to Governor Wilson's.

Treasurer Hooker of the progressive party recently testified that Crane gave Wilson and La Follette \$70,000 at the same time.

Morris Manheimer, of Metcalf, was a Clifton business visitor the latter part of last week.

NOT A VERY WIDE SWATH.
—From the New York World.

CARL HAYDEN HERE OCTOBER 22

Has Arranged His Trip for Campaign of State for Re-Election to Congress—Is Now Visiting the Northern Parts of State.

Carl Hayden, Arizona's Representative to Congress, has arranged his itinerary, and will soon be visiting southern counties of the new state. He is now in northern Arizona covering that part of the state first. He will reach Clifton October 22, and will speak to the people here and at Morenci at that time.

Mr. Hayden is making a hard fight for the democratic ticket and says he is a sure winner. There seems to be no opposition in his way and he is devoting his work for the benefit of the national ticket. Judge Ashurst and Hon. Mark Smith, United States senators from Arizona, are joining hands with Mr. Hayden to give Wilson and Marshall an overwhelming vote in Arizona.

His trip is laid out through Arizona as follows:

Arrive Phoenix 8:50 a. m., Sunday, leave Phoenix 6 p. m., Sunday.

Arrive Yuma 12:22 a. m., Monday, October 14; leave Yuma 11:59 p. m., Monday.

Arrive Tucson 7:15 a. m., Tuesday, October 15; leave Tucson 7:45 a. m., Wednesday, October 16.

Arrive Nogales 8:30 a. m., Wednesday; leave Nogales 11:05 a. m., Thursday, October 17.

Arrive Fairbank 2:43 p. m., Thursday; leave Fairbank 3:30 p. m., Thursday.

Arrive Bisbee 5:35 p. m., Thursday; Lowell, Friday, October 18; leave Bisbee 7 a. m., Saturday, October 19.

Arrive Douglas 8:30 a. m., Saturday leave Douglas (or Bisbee) by automobile Sunday, October 20.

Speak in Wilcox Monday evening; leave Wilcox 10:40 p. m., Monday, October 21.

Arrive Lordsburg 1:47 p. m., Tuesday, October 22; leave Lordsburg 1:33 p. m., Tuesday.

Arrive Clifton 4:03 p. m., Tuesday. Speak in Morenci Wednesday evening.

Arrive Safford 4:35, Thursday, October 24; leave Safford 4:35 Friday, October 25.

Arrive Globe 7:30, Friday. Speak in Miami Saturday.

SIXTY BANKERS WILL ATTEND CONVENTION.

That the State Bankers' convention to be held in this city during fair time, October 18 and 19, will be the largest ever held in the state is evident from the number of requests for reservations received by J. M. Ormsby.

Heretofore the number of bankers attending these annual affairs has not been over 40, but Mr. Ormsby states that 60 or more will this year convene at Tucson. Not alone will the busy money changers be held down to convention business, for the pleasures of the two days guests will be looked after and the advantages and beauties of the convention city shown them.

A. E. Hobbs, a prominent merchant of Duncan country was spending last Friday in Clifton on business.

OLD FORT GRANT IS ARIZONA PROPERTY

PHOENIX, Ariz., Oct. 8.—The interior department of the United States government has notified Governor Hunt that application for the use of the buildings upon the Fort Grant military station, had been granted and that the State of Arizona was at liberty to move the industrial school from Benson there at any time it saw fit. This telegram is a result of the recent ceding of 2000 acres of the old fort reservation to the state for the purpose of an industrial school, which was done by act of congress shortly prior to the adjournment of that body some few weeks since.

Following the ceding of the 2000 acres to the state, the locality was visited by the Arizona land commissioners while that body was in the course of its tour over Graham county recently, and the 2000 acres were selected, that portion of the post being chosen upon which the buildings were located. Following the selection a survey by the surveyor general of Arizona was ordered which is now in course of completion.

It was understood from the beginning that when the state should take over the portion of the fort reservation, it was to be used for an industrial school. The present location of the school at Benson has been very unsatisfactory. The buildings are in bad repair and unsafe and great apprehension has been felt for the safety of the inmates. For some time work has been done on them to keep them in shape so they could be used as temporary quarters pending the action of the state to obtain new and more satisfactory quarters.

The location of the school at Fort Grant has been by many persons who have seen it, pronounced the ideal location for the state industrial school. The climate is ideal, the land is fertile in the extreme, there is plenty of shade, it is sufficiently far removed from a town of any size to prevent any undue influences coming in contact with the inmates of the school.

DONNELLY RESIGNS.

TUCSON, Oct. 6th.—C. A. Donnelly, who was appointed business manager of the University of Arizona by the board of regents of that institution a short time ago, has resigned and accepted a position with the state of Colorado. Mr. Donnelly went Tuesday to take up his new position.

The position which Mr. Donnelly goes to fill is that of general manager of the Colorado school for dependent children. The state runs the school, and about 300 children are enrolled in it. The institution has a farm, and every thing is done there to bring useful men and women. They are taught to do all kinds of work, and if any one wants to adopt a child, one can be obtained from this school.

The work which was done by Mr. Donnelly will fall to Doctor Wilde, the president of the university. It is not known whether a new business manager will be named. The Board of regents have not decided what to do.

WRIGHT SHOTS JIM PHILLIPS AT A. C. MILL

Shooting Grew Out of Contemplated Marriage of Phillips and Fifteen Year Old Daughter of Wright—Matters Righting Themselves.

John Phillips, one of the young men employed by the A. C. Company, was shot in the concentrator by Ellis Wright, father of the girl fifteen years old who Phillips later married.

There seems to have been some misunderstanding between the principals regarding a double wedding which was to be solemnized that night and Wright fired two shots which took effect, one passing through the bowels and one through the neck. Ellis is still in the Hospital but getting along nicely and out of danger.

Mr. Wright immediately gave himself up to the officers and was placed under arrest awaiting the outcome of the shooting.

EL PASO & SOUTH-WESTERN BUILDING VERY FAST

Will Reach Tucson This Month—Means Much to Old Pueblo—Short Cut to the Main Line to El Paso—Tucson Boom.

The El Paso & Southwestern railroad will reach Tucson October 23, according to advices received Tuesday morning in Tucson by J. S. Barlow, engineer in charge of the construction work at this point. This is the first definite and official notice of the exact time and track laying will be completed.

The Cienega bridge was completed Tuesday, and the track laying machine will start toward Tucson this morning from a point just east of Vali. There is a large force of men on the work and there is about 20 miles more to be laid. The engineers have figured that the machine can lay a mile and a half a day. The track is perfectly straight into Tucson from the starting point at the bridge.

The connection will be made at the crossing at the Twin Buttes road. The yard tracks in Tucson have been laid to that point. The first train to come in will be the work train and soon following that there will be a material train. It was stated Tuesday by Mr. Barlow that the railroad company would start running trains soon after the track was completed, and that some temporary arrangement would be made in regard to a depot. The depot will not be done for some time.

The work in the Tucson yards is progressing very rapidly. The round house will be done in a very short time. The foundations and piers for it have been poured already. The work of constructing will start immediately. A brick supply house will be in the process of construction within a day or so.

The freight house foundations are being laid now. The carpenters have the forms up and have started pouring the foundations. The work will be pushed as rapidly as possible.

In discussing the yards in Tucson, Mr. Barlow said that 14 miles of yard track had been laid. This will be as much yard track as the company will need for a while. Later on when business warrants it, more track will be put down.

In regard to the immediate running of trains over the newly completed line, Mr. Barlow said: "Some temporary arrangement will be made in order that the people in Tucson and along the line. Merchants will want merchandise from that end of the line and we will accommodate them as much as we possibly can."

SEN. SMITH ARRIVES AT HOME FROM CAMPAIGN

Senator Marcus A. Smith thorough Wilson and Marshall supporter, arrived in Tucson Saturday from the east. Mr. Smith has been speaking in Indiana, Ohio, and Kentucky for Wilson, and has come to Arizona to campaign the state for his party. He will leave on Monday or Tuesday for the northern towns to make addresses at Phoenix, Prescott, Jerome, Flagstaff and other places.

In discussing the question of the coming elections, Mr. Smith said that the Wilson sentiment was strong in the east and middle west among the states that carry the largest vote. In his addresses through Ohio and Indiana he said that Wilson men were as thick as hops. He looks for a very heavy vote in those states in favor of the Democratic ticket.

He attended the convention at Baltimore and has been supporting Wilson since the moment of his nomination. His speeches in Arizona, his native stamping ground will be all for the governor of New Jersey. He said that he was glad to hear of the anti-Taft and Bull Moose sentiment in Arizona. According to his opinion the sentiment against these men was growing in the east. People are looking toward Governor Wilson as the only real progressive among all of the candidates who are running for
